Tamara Ujmajuridze

Multimediadesign student

I am a Multimedia Design student at Guldbergsgade with a strong interest in digital design and web development. Through my studies, courses, and professional experience, I have gained skills in HTML, CSS, JavaScript, and graphic design using Adobe Illustrator, Figma, and Adobe After Effects. I also have practical experience in developing and producing visual materials for professional purposes. I am engaged, detail-oriented, and motivated to combine my creative abilities with technical skills to create visual and digital solutions.
